

MARC ROSS APPRECIATION RAP

Marc Ross taught us to make the right choice
And to listen to the positive voice
We wrote this rap to let him know
How he came and stole the show
He inspired us in many ways
And we wrote the rap to give him praise
For teaching us not to waste our time
But never cross the stupid line
We learned so much thanks to Marc
Like to find the light when you're in the dark
We've always got something to live for
And our life will never be a bore
Thanks to Marc, we know this now
And we'll never forget - no way, no how!
